About Me

Spokane based creative consultant with a diverse skillset. With over six years experiences of working in the film industry in Los Angeles with some of the top film production companies. Over four years of media consulting abroad in Cambodia for Non-Government Organizations. Currently working as an elementary school teacher full time, spending spare time in a life of leisure as much as possible.

Prison Fellowship Cambodia

In 2019 Prison Fellowship Cambodia (PFC) reached out in need to redesign their entire website. New photographs were captured in the field of PFC's projects. Text was collected from previous year's reports. The website came to formation shortly thereafter. Currently, PFC has experienced growth in online donations and newsletter subscriptions. The website can be viewed at www.pfcambodia.org.

Asia Region Anti-Trafficking Conference

In 2017 Chab Dai Coalition in Cambodia reached out for help in designing a website and backend support for running a conference. I consulted in setting up payment processing for the conference as well as designing and launching a full Squarespace website for the conference. The conference was successful and is currently scheduled for a third conference summer of 2020. The current website can be viewed at www.aratconference.com.

AT THE ASIA REGION ANTI-TRAFFICKING CONFERENCE WE AIM:

To develop multi-sector learning and partnerships to improve our responses to the issues of human trafficking and slavery in
Asia.

Chab Dai Coalition

In 2015 Chab Dai Coalition in Cambodia reached out for help in designing a new online presence. New photographs were captured in the field of Chab Dai's projects to support their social media and website needs. An entire rebranding with a new logo helped bring new visitors and donors to Chab Dai's website. Currently, Chab Dai has continued to expand their reach with opening offices in England and America.

Chab Dai Coalition

More than 40 million people are exploited by human trafficking and other forms of modern slavery. The problem is widespread, pervasive, and demands our collective action.

Our vision is to work together with diverse stakeholders to abolish all forms of abuse and exploitation.
